History

Set up in 2008 by Artistic Director Ian Mackay, Jude theatre Company aims to bring together performance and psychology.

Company Mission Statement

We believe that everyone has the right to live in balance with all the different roles life throws at them, as well as the pressures to conform. Therefore, our goal is to provide a creative environment where these roles can be addressed, challenged and explored safely.

Artistic Director

Freelance theatre practitioner, Ian Mackay, is at present working in and around the Newcastle under Lyme area, with organisations such as Cheshire East Council, Cheshire & Warrington Connexions, and a number of community groups in the West Midlands. For the last 8 years, Ian has aimed to use his specialism in both performing arts and psychology to enable individuals to see their place in life more clearly through the use of performance.
